Hi Jessica, Thank you for checking in! Mom and I were just saying yesterday how happy we are with Little Discoveries! MiaRose's teachers are all amazing. She always lights up when she sees them and even gives them little hugs. (Melts my heart, lol- I don't even get hugs). Little Discoveries is really everything I had hoped for in finding a school for my daughter. I was so nervous about putting her into daycare so young, but I didn't have another option because I wanted to return to work. Every day when I drop her off, I know she's safe, well cared for, learning, and happy.

It makes my day less stressful to know she loves her school, and the Tadpoles App is the cherry on the cake. I'm very grateful to be included in her learning, and we all get a big kick out of her pictures. It's nice to be able to share that with family and friends, and it brightens my day every time I get one. Thank you to everyone who makes Little Discoveries the treasure it is! Sincerely,  
Kayla

I had toured five different preschools before I decided to enroll my daughter at Little Discoveries. I knew instantly that I loved everything about the preschool, from the cleanliness and curriculum but the affordability of the program. You know your child is in good hands. The owner Jessica and the staff are always friendly and professional. I couldn't ask for a better place for my daughter. Anytime I have a question or concern, the owner or one of the teachers is right there to fix it.

My daughter started when she was 2.9 years old, attends two full-time days, and In just 2 short months, my daughter has improved in her speech more than I could ever have imagined. When she is not at school, she talks about going to school. Every time I'm either dropping off or picking up my daughter, there is Mrs. Michelle or Ms. Megan on their hands and knees playing with the children. It gives me assurance every time I drop my daughter off that she's in a safe and learning environment. I'm so glad I found Little Discoveries. -Loren Difederico
